

## Music to the Rescue

Malcolm Smith

When the world is empty  
When I'm low and feeling small  
When it all feels futile  
When there seems no hope at all  
That's when I need music  
Music then can save my soul  
Music to the rescue  
Cavalry charge and bugle call  
Music to the rescue

When I'm feeling lonely  
No-one near to share my pain  
When the skies are cloudy  
Thunder brings in heavy rain  
That's when I need music  
Music helps me live again  
Music to the rescue  
Strawberry Fields and Penny Lane  
Music to the rescue

When my heart is aching  
Sense of loss won't let me be  
I'm yearning for fulfilment  
Some purpose that can carry me  
That's when I need music  
Music then can set me free  
Music to the rescue  
Ode to Joy, Come Fly With Me  
Music to the rescue

When I'm feeling joyful  
All the world is like a song  
When my heart is singing  
All is right and nothing's wrong  
That's when I need music  
All the world can sing along  
Music to the rescue  
Join us in a singing throng
